

PRIME

The Summit of IFC Presidents

Are you thinking about attending PRIME, or have you already registered? Here's what you can expect at the NIC's newest program.

With PRIME, our goal is to cultivate an Interfraternity Council's (IFC) capacity to take responsibility for addressing issues in the fraternity community. PRIME is where IFC Presidents will learn about:

- Metrics that define **high performance** in IFCs
- The role and **priorities** of an IFC in leading fraternity communities
- The skills they need to **build relationships** of trust and confidence, establish **strong operational systems** and chapter services, manage other IFC leaders, and engage the fraternity community in **addressing difficult issues**
- Cultivating relationships, goodwill and affinity to the NIC as a **source of support**
